

## President's Report November 2021

2021 has gone very quickly and another successful year of Suzuki events has almost finished.

The year began with a very successful Studio Spectacular Concert in March held at Immanuel College. The students prepared individual teacher's items then came together as a group for a wonderful finale of pieces.

The Piano All Comer's are highly successful every term with a high numbers of students performing.

It's wonderful to see such enthusiasm amongst the students, parents and teachers. There is a great sense of community spirit in these concerts and everyone is relaxed and enjoying themselves immensely.

The first Graduation Concert of the year was held in May with 19 students graduating. This is a special event for the children and a great achievement for each student.

The Showcase once again was a highly successful event at Elder Hall in September, The standard of the solo performers was excellent. It is always so joyful watching all the children on stage engrossed in their playing.

The last Graduation Concert for the year was held in November with 51 students graduating. The students were very well prepared and excited at having reached their next level.

The year has gone smoothly without any interruptions from Covid-19 which has been a great relief.

We can look forward to 2022 with great anticipation for another very successful year.
